Principal's Message

To the Graduate:

There can be no more inspiring sight than a group of boys and girls, sturdy with the health of youth, alert with enthusiasm and vigor, who are interested in education and the finer things of life. Boys and girls may find pleasure alluring, but those who buckle down to lessons are the ones who know the greatest joy of life. The development you give your mind will be your life's richest possession.

We, the faculty of B.J.H.S., are glad to be able to offer you the foundation for a broader education. You have reached the foothill - the real climb up the mountain of learning still awaits you. Continue your studies; do not neglect the mind.

We hope you have learned in our school, some fundamental textbook lessons and lessons not in books such as honesty, fair play, morality, and kindness. Use all these well!

Your principal,
R. EARL DOTY

Our Superintendent

MR. FRANK HAYSE
Superintendent of Schools
